# Hodei

Hodei is a family of stools with an eye-catching outline. Its oval, organic seat contrasts with its triangular metal structure to give it a strong personality. This is a lightweight stool available in wooden and upholstered versions for combining with its structure in a thousand ways.

## *Muka Design Lab*

Muka Design Lab is an industrial design studio which has won a number of awards, specialising in creating furniture, household goods and small appliances with identity and character.

They work with leading craftspeople and local workshops to design everyday objects that people adore. Everything, from sustainable furniture to the design concepts they create, begins with a story breathing life into each object.

Their work has been featured in AD Architectural Design, Fast Company, Archi Expo, Dezeen and El País, has claimed prizes at international design exhibitions in Milan and Los Angeles, and also earned a Red Dot Award: Design Concept and a German Design Award.
