AKABA

Tknika

Tknika is a new collection of multi-purpose home and office desks. A versatile and scalable range to meet all the needs of large groups while adapting perfectly to your home office requirements. We bring you these images as a sneak peek of what's to come.

Francesc Rifé

His career as an interior and industrial designer begins during the period of his academic training through various collaborations with architecture and design studios. He also assumes personal projects.

In 1994 he founded his own studio in Barcelona and currently leads a team of professionals trained in various fields of design. His projects, national and international, range from interior to industrial design in the commercial and private sectors. The studio also has considerable experience in graphic design projects, photography and art direction. Its design philosophy is based on the spatial and geometric proportion.

Throughout his career Rifé has received many prizes in the field of design, like ContractWorld Awards, ICFF Editors Awards, Ascer Prizes, and FAD Awards. Also, he has been nominated for the National Design Awards and the Delta Awards for Industrial Design. His work has been widely reported in the press and specialized publications and books nationally and internationally. Also, several books that collect his most outstanding works have been published. Currently he combines teaching with an active role in workshops, meetings, and conferences throughout the Spanish territory and internationally.
