Xoko

A collection of stools for sharing thoughts and ideas in collaborative environments. With generous seat dimensions, Xoko is at the same time both symmetrical and asymmetrical. Its unique shape envelops the user. Its design makes it possible to sit in different directions, yet retain comfort.

The Xoko stools program livens up spaces and helps to foster conversations and the sharing of ideas. In open areas, it offers different configurations where you can just sit and connect with the physical space.

Iratzoki Lizaso

Iratzoki Lizaso is an industrial design studio created in the Basque Country, in 2016. Having worked together over several years, Jean Louis Iratzoki and Ander Lizaso decided to form a partnership. Ably supported by their experienced team, they work closely with both small companies and large corporations.

Their work encompasses various areas of design: home and office furniture, textiles, lighting, ephemeral architecture and accessories. Jean Louis Iratzoki and Ander Lizaso are also the artistic directors of certain brands. From their work emerge enduring items that inspire emotion and affection.
