KABI STOOL

Pensi Design Studio

La colección Kabi Stool nace para ampliar el programa Kabi. Con un asiento más reducido pero manteniendo su característico diseño monocarcasa y confortable, ofrece diferentes variantes de bases para múltiples espacios. Está disponible en dos alturas: taburete alto para bar y taburete mediano para mostrador, tanto en entornos de uso privado como público.

The new Kabi Stool collection serves to expand the Kabi programme. With more compact seating which nonetheless maintains the characteristic comfortable, single-body design, offering different base options for a range of spaces. It is also available in two heights: a higher barstool and a medium-height stool for counters, in both private and public settings.

Characteristic
single-shell seat

Comes in
four variants
& two heights

Reducing our environmental impacts

From our surroundings in Usurbil, Spain, we find inspiration in every corner. This landscape is not only our home but also our identity—the place we care for and preserve, fueling our commitment to sustainability. It's in this connection with nature that our ideas are born and our developments take shape.

EPD (Declaración medioambiental de producto) - EPD (Environmental Product Declaration)

Una EPD es una declaración ambiental certificada elaborada en conformidad con la norma internacional ISO 14025 consiste en un documento mediante el cual una empresa, de acuerdo con unos parámetros predeterminados, comunica el rendimiento ambiental del producto de forma transparente.

An EPD is a document that communicates the environmental impact of a material during its life cycle, from the raw material extraction process, transportation to the manufacturing site and the product manufacturing process.

ISO 9001

ISO 9001 es una norma mundialmente reconocida para la gestión de la calidad. Ayuda a organizaciones de todos los tamaños y sectores a mejorar su rendimiento, cumplir las expectativas de los clientes y demostrar su compromiso con la calidad.

ISO 9001 is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance, meet customer expectations and demonstrate their commitment to quality.

ISO 14001

La ISO 14001 es la norma líder mundial para sistemas de Gestión Ambiental. Entre los beneficios de implantar esta norma se incluyen la reducción del impacto medioambiental, la disminución de la generación de residuos y del consumo energético, y el recorte en los costes de la actividad empresarial.

ISO 14001 is the world's leading standard for environmental management systems. The benefits of implementing this standard include reducing the environmental impact, cutting down on waste generation and energy consumption, and decreasing business activity costs.

ISO 14006

ISO 14006 es una norma Internacional que proporciona directrices para ayudar a las organizaciones a establecer, documentar, implementar, mantener y mejorar de forma continua su gestión del ecodiseño como parte de un sistema de gestión ambiental (SGA).

ISO 14006 is an international standard that provides guidelines to help organizations establish, document, implement, maintain and continuously improve their eodesign management as part of an environmental management system (EMS).
